November 18, 2005

Honorable Mayor, Members of the
City Council and City Manager
CITY OF WILMINGTON
Wilmington, North Carolina

The Comprehensive Annual Financial Report of the City of Wilmington, North Carolina, for the fiscal year ended June 30, 2005, is submitted herewith. This report was prepared by the City's Finance Department. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with City management. To provide a reasonable basis for making these representations, management of the City has established a comprehensive internal control framework that is designed both to protect City assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is accurate in all material aspects; it is presented in a manner designed to present fairly the financial activity of its various funds and component unit; and all disclosures necessary to enable the reader to gain an understanding of the City's financial activities have been included.

The Comprehensive Annual Financial Report is presented in four sections: introductory, financial, statistical and compliance. The introductory section includes this transmittal letter, the Certificate for Excellence in Financial Reporting for the fiscal year ended June 30, 2004, the City's organization chart and a listing of principal officials. The financial section includes the independent auditor's report, management's discussion and analysis and basic financial statements including notes to financial statements and required supplementary information. Management discussion and analysis complements this letter of transmittal and should be read in conjunction with it. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The compliance section presents information in conformity with provisions of the Federal and State Single Audit Acts, which establish audit requirements for state and local governments that receive federal and state awards. This section includes schedules of federal and state awards, findings and questioned costs and the independent auditor's reports on internal control and compliance with applicable laws and regulations.

INDEPENDENT AUDIT

The General Statutes of North Carolina (Section 159-34) require an independent financial audit of all local governmental units. The City's financial statements have been audited by Lanier, Whaley, Craft and Company, a firm of licensed certified public accountants appointed by City Council. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City for the fiscal year ended June 30, 2005, are free of material misstatement. Their audit was performed in accordance with generally accepted auditing standards and government auditing standards, and accordingly, included such tests of the accounting records and such other auditing procedures as they considered necessary in the circumstances. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2005 are fairly presented in conformity with accounting principles generally accepted in the United States of America. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the City was part of a broader, federal and state mandated "Single Audit" designed to meet the special needs of grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements involving the administration of federal and state awards.

PROFILE OF GOVERNMENT

The City is located in southeastern North Carolina on the Atlantic Coast. The City, which was incorporated in 1739, presently covers a land area of 54 square miles and has a population of 94,718. The City is empowered to levy a property tax on the appraised value of all real and certain tangible personal property located in the City. New Hanover County is the only other unit levying taxes within the City's corporate limits. The City is also empowered by statutes to extend its corporate limits by annexation.

The City has a Council-Manager form of government. The Council is comprised of the Mayor and six Council members. The Mayor is elected at large every two years and the Council members are elected at large every four years with staggered terms. The Council is the legislative body of city government with the Mayor as a voting member and the presiding officer. The city manager is appointed by the Council and administers the daily operations of the City through appointed department heads.

The City provides the full range of services contemplated by statute. This includes police, fire, sanitation, streets, public improvements, planning and zoning and general administrative services. The City also operates a consolidated water and sewer utility system, a ground water utility system, parking facilities, golf course, and provides solid waste and storm water management services. In addition, the Cape Fear Public Transportation Authority, a component unit, provides bus transit services within the City.

The annual budget is prepared at a functional level (e.g. public safety). Department heads may make transfers of appropriations within a department. Transfers of appropriations between functions (e.g. public safety), however, require the special approval of the City Council. Budget-to-actual comparisons are provided in this report for each individual governmental fund and enterprise fund for which an appropriated annual budget has been adopted. For the General Fund, this comparison is presented as part of the basic financial statements for the governmental funds. For enterprise funds with appropriated annual budgets, this comparison is presented in the enterprise funds subsection of this report, which starts on page 110. Also included are budget-to-actual comparisons for each governmental fund and enterprise fund for which a project-length budget has been adopted (i.e., special revenue funds and capital projects funds).

The City serves as the economic, cultural, and services hub for southeastern North Carolina. The historic attractions, mild climate, water related activities, and business opportunities have made the region one of the fastest growing areas of the nation. Brunswick County, adjacent to the City's western boundaries, is the fastest growing county in North Carolina. Over 14,000 new residences in Brunswick County have been built or permitted within 10 miles of the City in the past three years. In the City, non-residential development has exceeded \$449 million over the three year period. Two mixed-use developments currently underway in Wilmington cover more than 600 acres and are expected to add over \$660 million to the City's tax base when completed.

While Wilmington's 6.6% manufacturing employment base is below the state average, the unemployment rate has consistently been less than state and federal levels. This is in part due to the diversity of the local economy with professional services, trade, health care, the hospitality industry, and construction comprising over 60% of the workforce. Major employers in the City with over 1,000 employees include New Hanover Health Network, University of North Carolina at Wilmington, New Hanover County Board of Education, New Hanover County, and the City of Wilmington. In addition, two pharmaceutical companies located in Wilmington have a combined workforce of over 1,600 with salaries well above the area average.

New Hanover Health Network (NHHN) continues to expand its services and is southeastern North Carolina's leading health-care provider with over 4,600 employees (3,600 in Wilmington). Design is underway for a four-year \$190 million expansion of their Wilmington facilities. The plan features a consolidation of the women and children's services in new construction as well as a new surgery pavilion on the main campus. The existing patient tower will be renovated with an increase in private rooms from 40 to 64 percent of overall rooms. Finally, emergency services will be enhanced with a new suburban ER unit and a significant expansion of the main campus ER.

The University of North Carolina at Wilmington (UNCW), for the eighth consecutive year, was rated among the top 10 public regional universities in the south by *U.S. News and World Report*. UNCW's enrollment is approximately 11,500 in the fall of 2005. In addition to UNCW, Cape Fear Community College (CFCC) is one of the largest schools in the North Carolina Department of Community Colleges system with almost 5,900 students enrolled for fall 2005.

A number of notable business expansions and relocations have occurred over the past year. Work was completed on the construction of Verizon Wireless' \$30 million call center in August 2004 that will add 1,200 new jobs. In February 2005, the City and County approved an incentive package with Pharmaceutical Product Development, Inc. (PPD) in connection with construction of a new world headquarters facility in the City's downtown area. PPD is a global provider of discovery and development services for pharmaceutical companies. The headquarters construction and adjacent parking structure will total over \$90 million when completed. The company has also committed to increase their local workforce by at least 1,000 within seven years.

Tourism remains the largest economic driver in the area in terms of employment and revenues with an estimated 1.8 million visitors generating \$312 million with total impact of \$780 million in 2004. In addition, the filmmaking industry remains an important economic force in the City. Since 1998 a total of \$472 million in film generated revenues has made the area one of the nation's largest producers with network shows such as "One Tree Hill" and "Surface" in current production.

ACCOMPLISHMENTS AND INITIATIVES

During FY 2004-05, the City achieved a number of improvements in municipal operations and services provided to the citizens of the City. Some of the more significant accomplishments for the year and major program initiatives for the future are identified below:

Convention Center. In February 2003, the City Council approved, pursuant to state enabling legislation, a 3% increase in the room occupancy tax. As of June 30, 2005 the City had received over \$3 million in room occupancy receipts. The proceeds from this portion of the room occupancy tax are restricted to the construction and operation of a convention facility. The City has entered into a General Development Agreement with a developer for the construction of the convention center, public parking deck, and a privately owned hotel. The convention center facility will be built on a site the City has acquired on the riverfront in downtown Wilmington.

Development and Redevelopment. The City of Wilmington has a variety of development and redevelopment challenges and opportunities. The City's annual population growth rate was fairly consistent from 1940 to 1980 – at around 1%. In the 1980s and 1990s, the annual growth rate was approximately 2%. In 1999 and 2000, the City annexed approximately 26,000 people, contributing to a rapid population growth. Since the annexations, the growth rate has been approximately 1.2% per year. The City is approximately 90% developed and with a growth rate of 1.5% per year, total build-out would occur within 20 years. Redevelopment of aging commercial areas is an emerging trend as vacant land becomes scarcer. Surrounding areas continue to increase in population while Wilmington maintains its position as the regional commercial hub.

Suburban mixed use development on undeveloped sites continues as three large projects (Mayfaire and Fairfield) totaling almost 700 acres are under development. A 43-acre parcel is proposed for rezoning for mixed use.

The City adopted a Future Land Use Plan in 2004 and four supporting major road corridor plans. These long range plans provide policy direction for development and redevelopment including forming the basis for long range capital improvement plans. In addition to these plans, the City completed a five-year update to the Downtown Vision 2020 Plan that was adopted in December 2004.

The City completed a major update to its 20-year old development regulations. The updated “Land Development Code” is also in a more efficient format and was adopted by City Council in December 2004.

The Northside Community Plan was adopted in 2003. The Year-Two progress report showed that the City is on target with most of its year-two action steps. The Northside Neighborhood Association has also met many of its year two action steps. The Northside Resource Center celebrated its grand opening in April 2005, far ahead of the planned year ten opening.

Staff updated the Wilmington Urban Transportation Plan in March 2005. The updated Coastal Area Management Act (CAMA) Environmental Plan is under review by the NC Department of Environmental and Natural Resources and is anticipated to be presented to City Council for approval in early 2006.

Public Facilities. In September 2004, a \$9 million 550 space parking deck was opened downtown. The \$9 million second phase of a 40-acre operations center was completed in April 2005 with facilities for traffic engineering, streets maintenance, storm water maintenance, and fleet maintenance. A third and final phase, estimated at \$5 million, is scheduled to begin in August 2005 with a one-year construction period. Construction also began in June 2005 on a new Police Headquarters building. Total construction cost on the 85,000 square foot two-story facility, expected to be completed in October 2006, is estimated at \$24 million.

CASH MANAGEMENT

The City's investment policy is designed to minimize credit and market risks while maintaining a competitive yield on its portfolio. Available cash is invested in interest bearing demand deposits, obligations of the U.S. Treasury and governmental agencies, and the North Carolina Capital Management Trust (an SEC registered money market fund), in accordance with North Carolina General Statute 159-30. Deposits are either insured by the federal depository insurance or are collateralized by securities held by the State Treasurer's agent in the name of the State Treasurer. At June 30, 2005, the City held \$146.7 million in cash and investments in the following mix:

RISK MANAGEMENT

The City has a self-insured medical insurance program with administration of the program by Blue Cross/Blue Shield of North Carolina. In addition, the City contracts with Blue Cross for stop-loss pooling of claims on an individual basis once a claim reaches \$150,000 during a contract period. Aggregate stop-loss limits the City's losses to 125 percent of expected claims. The City has established a reserve for existing claims as of June 30, 2005 of \$706,906.

The City is also a self-insurer for workers' compensation insurance up to a maximum of \$300,000 per claim for general employees and \$500,000 for public safety employees with an aggregate annual limit of \$3,000,000. The City has established a reserve for existing claims as of June 30, 2005 of \$203,187. Funding is included in the General Fund for expected claims. The City purchases property, general liability, and crime insurance through qualified commercial insurers at a level deemed appropriate for each type of coverage. The coverages are placed by New Hanover County Risk Management pursuant to an interlocal agreement with the City.

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Wilmington for its comprehensive annual financial report for the fiscal year ending June 30, 2004. The Certificate of Achievement is a prestigious national award recognizing achievement with the highest standards in government accounting and financial reporting.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report (CAFR) whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Wilmington has received a Certificate of Achievement for twenty consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements and we are submitting it to the GFOA.

ACKNOWLEDGMENTS

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I especially express my appreciation to Carolyn Stokley, Alice Johnson, Stephanie Jacobs, Bryon Dorey, and Barbara Williams for their efforts and contributions to the preparation of this report.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "W. Brent McAbee". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Finance Director

Certificate of Achievement For Excellence in Financial Reporting

Presented to

City of Wilmington,
North Carolina

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2004

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

Independent Auditor's Report

The City Council
City of Wilmington, North Carolina

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Wilmington, North Carolina, as of and for the year ended June 30, 2005, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the City of Wilmington's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, based on our audit, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Wilmington, North Carolina as of June 30, 2005, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison of the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated November 18, 2005 on our consideration of the City of Wilmington's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Management's Discussion and Analysis and the Law Enforcement Officer's Special Separation Allowance Schedule of Funding Progress and Schedule of Employer Contributions on pages 3 through 14 and 78 and 79 respectively, are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit this information and express no opinion thereon.

Our audit was performed for the purpose of forming an opinion on the financial statements that collectively comprise the basic financial statements of the City of Wilmington, North Carolina. The introductory information, combining, and individual nonmajor fund financial statements and schedules and the statistical tables, as well as the accompanying schedule of expenditures of federal and State awards as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the State Single Audit Implementation Act, are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and the accompanying schedule of expenditures of federal and State awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole. The introductory information and the statistical tables have not been subjected to the auditing procedures applied by us in the audit of basic financial statements and, accordingly, we express no opinion on them.

Lamier, Whaley, Craft & Co.

Wilmington, North Carolina
November 18, 2005

Management's Discussion and Analysis

As management of the City of Wilmington, we offer readers of the City of Wilmington's financial statements this narrative overview and analysis of the financial activities of the City of Wilmington for the fiscal year ended June 30, 2005. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the City's financial statements, which follow this narrative.

Financial Highlights

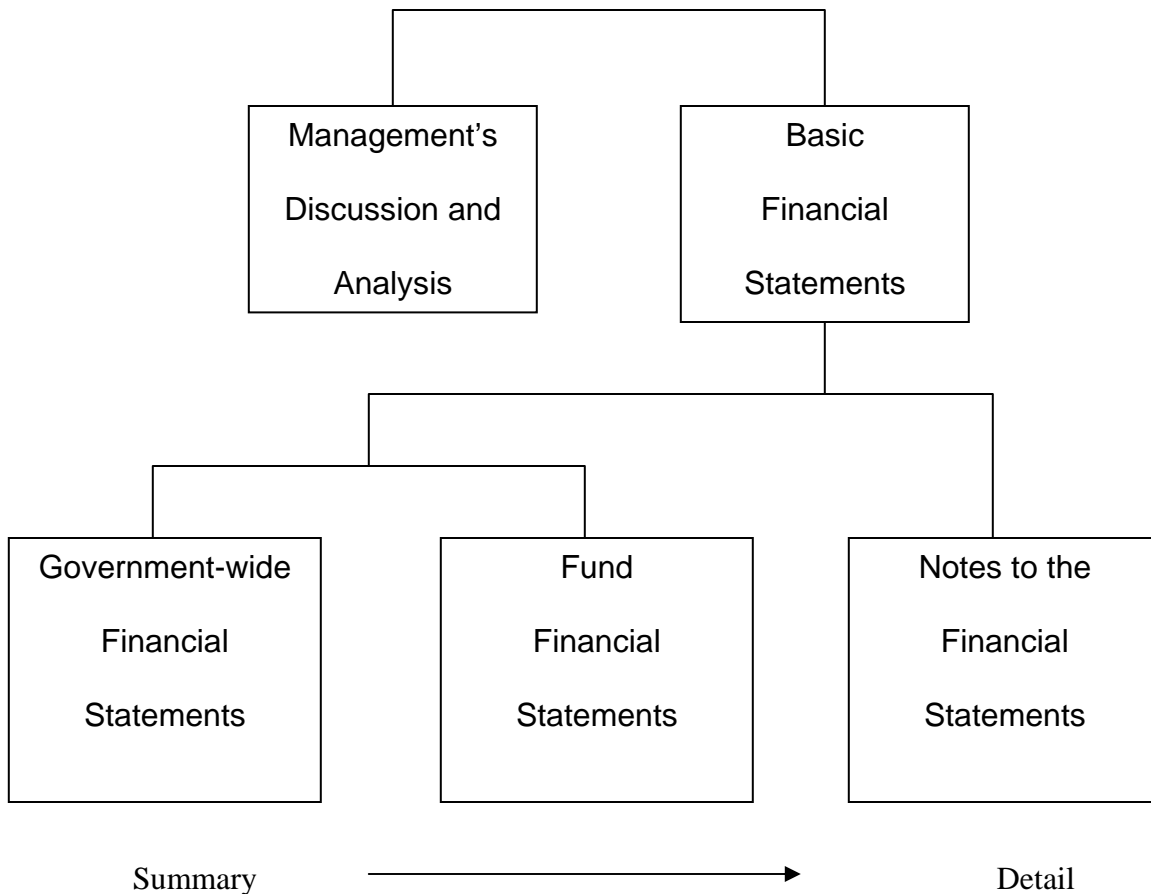

- The assets of the City of Wilmington exceeded its liabilities at the close of the fiscal year by \$266,731,573 (*net assets*).
- The government's total net assets increased by \$22,870,990 with approximately 66.2% of that amount accounted for in the net assets of the governmental activities.
- As of the close of the current fiscal year, the City of Wilmington's governmental funds combined ending fund balances increased \$41,439,848 over the prior year to a total of \$100,565,577. Approximately 23% of this amount, or \$23,104,467, is available for spending at the government's discretion (*unreserved fund balance*).
- At the end of the current fiscal year, unreserved fund balance for the General Fund was \$21,197,032 or 34.9% of total general fund expenditures for the fiscal year.
- The City of Wilmington's total long-term liabilities (excluding compensated absences) increased by \$34,845,426 or 28.0% during the current fiscal year. Total long-term liabilities increased for governmental activities as repayments of existing long-term liabilities were offset by the issuance of \$39,170,000, excluding debt issued for advance refunding, in installment obligations and \$2,064,811 in other long-term obligations. Total long-term liabilities decreased for business-type activities as the issuance of \$1,465,000 in installment obligations was offset by repayments of existing long-term liabilities.
- The City's general obligation bond rating was upgraded from AA3 to AA2 by Moody's Investment Service.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Wilmington's basic financial statements. The City's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Wilmington.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the City's financial status.

The next statements are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; and 3) the proprietary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the City's individual funds. Budgetary information required by the General Statutes also can be found in this part of the statements.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status as a whole.

The two government-wide statements report the City's net assets and how they have changed. Net assets are the difference between the City's total assets and total liabilities. Measuring net assets is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the City's basic services such as public safety, parks and recreation, and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include water and sewer services, solid waste services, parking facilities, storm water management, and a golf course operated by the City. The final category is the component unit. Although legally separate from the City, the Cape Fear Public Transportation Authority is important to the City because the Authority is fiscally dependant upon the City.

The government-wide financial statements are on pages 15 - 17 of this report.

Fund Financial Statements

The fund financial statements (see figure 2) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Wilmington, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of City of Wilmington can be divided into two categories: governmental funds and proprietary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the City's programs. The relationship between government activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Wilmington adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges. To account for the difference between the budgetary basis of accounting and the modified accrual basis, a reconciliation showing the differences in the reported activities is shown at the end of the budgetary statement.

Proprietary Funds – The City of Wilmington has two different kinds of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Wilmington uses enterprise funds to account for its water and sewer services, golf course operations, solid waste services, storm water management, and operations of the parking facilities. These funds are the same as those functions shown in the business-type activities in the Statement of Net Assets and the Statement of Activities. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the functions of the City of Wilmington. The City uses an internal service fund to account for two activities – fleet operations and personal computer replacement. Because these operations benefit predominantly governmental rather than business-type activities, the internal service fund has been included within the governmental activities in the government-wide financial statements.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements are on pages 36 - 77 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Wilmington's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 78 of this report.

Government-Wide Financial Analysis

As noted earlier, net assets may serve over time as one useful indicator of a government's financial condition. At the end of the current fiscal year the City of Wilmington was able to report positive balances in all three categories of net assets, both for the City as a whole, as well as for its separate governmental and business-type activities. The assets of the City of Wilmington exceeded liabilities by \$266,731,573 as of June 30, 2005. The City's net assets increased by \$22,870,990 for the fiscal year ended June 30, 2005.

A significant portion of the City of Wilmington's net assets (51.1%) reflects its investment in capital assets (e.g. land, buildings, machinery and equipment) less any related debt used to acquire those assets that is still outstanding. The City of Wilmington uses these capital assets to provide services to citizens; consequently those assets are not available for future spending. Although the City of Wilmington's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

Net Assets

Net assets	<u>\$ 99,173,997</u>	<u>\$84,033,523</u>	<u>\$167,557,576</u>	<u>\$159,827,060</u>	<u>\$266,731,573</u>	<u>\$243,860,583</u>

Net Assets

An additional portion of the City of Wilmington's net assets of \$18,133,994 (6.8%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$112,259,306 is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

Several particular aspects of the City's financial operations positively influenced the total unrestricted governmental net assets:

- Continued diligence in the collection of property taxes by maintaining a tax collection rate of 98.25% which is above the statewide average of 97.76% as reported for cities over 50,000 in population for the year ending June 30, 2004.
- Increased sales tax revenues of approximately \$1,245,000.
- Revenues of \$3,551,896 in the 3% room occupancy tax levied for funding of a convention center facility.
- Charges for services increased by \$3,701,278.

Governmental activities. Governmental activities increased the City's net assets by \$15,140,474, accounting for 66.2% of the total growth in the net assets of the City of Wilmington. Key elements of this increase are as follows:

- Revenues related to governmental activities increased by 6% despite a decrease of approximately \$3 million in capital grants and contributions.
- Program revenues provided 20% of the support for governmental activities.
- Capital contributions from developers of general government capital assets (streets and sidewalks) totaled \$771,286.

Business-type activities. Business-type activities increased the City of Wilmington's net assets by \$7,730,516, accounting for 33.8% of the total growth in the government-wide net assets. The largest increase in net assets was \$5,651,005 in the Water and Sewer Fund after \$2,676,403 in capital contributions. Key elements of the increase are as follows:

- Charges for services increased by \$2,825,369 or 7% over the prior year with approximately \$1,014,000 of that increase related to a rate adjustment on water and sewer usage.
- Expenses related to business-type activities increased by \$1,867,117 or 4.8% from the prior year.

Financial Analysis of the City's Funds

As noted earlier, the City of Wilmington uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City of Wilmington's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Wilmington's financing requirements. Specifically, unreserved fund balance can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of the City of Wilmington. At the end of the current fiscal year, unreserved fund balance of the General Fund was \$21,197,032 while total fund balance reached \$28,920,845. As a measure of the General Fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 34.9% of total General Fund expenditures, while total fund balance represents 47.6% of that same amount.

At June 30, 2005, the governmental funds of the City of Wilmington reported a combined fund balance of \$100,566,577, a 70% increase over last year. The General Fund, capital projects funds, debt service fund, and special revenue funds are included in this combined amount.

General Fund Budgetary Highlights. During the fiscal year, the City revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once more precise information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services.

Revenues (excluding transfers) exceeded budget estimates by \$3,966,765 for the fiscal year. The largest increase from the prior fiscal year was in local option sales tax. Revenues from this source increased by \$1,244,901 or 9.2%. The decrease in the City's share of the countywide sales tax distribution (based on ad valorem tax effort) from 23.52% to 22.79% was offset by an overall 10.6% increase in sales tax distributions in New Hanover County. The total local option sales tax levy is now 2.5 cents in New Hanover County.

Expenditures (excluding transfers) in the General Fund were \$3,783,104 less than the \$64,560,973 budget. Operating expenditures were approximately \$1,848,637 under budget and personnel expenditures were approximately \$1,352,223 under budget.

Proprietary Funds. The City of Wilmington's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net assets of the Water and Sewer Fund at the end of the fiscal year amounted to \$37,632,318. The unrestricted net assets of the other five proprietary funds totaled \$14,203,977.

Capital Asset and Debt Administration

Capital assets. The City of Wilmington's investment in capital assets for its governmental and business-type activities as of June 30, 2005 was \$261,514,152 (net of accumulated depreciation). These assets include buildings, roads and bridges, land, machinery and equipment, park facilities, and vehicles. The City has not included general infrastructure acquired prior to July 1, 2002. These capital assets will be included in the statement of net assets within the four-year period permitted by Governmental Accounting Standards Board Statement No. 34.

Major capital asset transactions during the year include the following additions (there were no significant demolitions or disposals):

- An increase of \$8,004,475 in buildings and structures for governmental activities represented the largest increase in governmental activity capital assets and was primarily comprised of the Operation Center, phase II and Halyburton Park.
- The completion of the Market Street Parking Facility was largely responsible for the \$11,204,929 increase in buildings and structures in the business-type activities capital assets.

Capital Assets

Additional information on the City's capital assets can be found in note 4 on pages 53-56 of this report.

Long-term Liabilities. As of June 30, 2005, the City of Wilmington had total bonded debt outstanding of \$67,268,416. Of this amount, \$48,850,000 is general obligation debt backed by the full faith and credit of the City. Of the general obligation debt a total of \$33,598,299 is paid with storm water and water and sewer system revenues, although the City's taxing authority is the true security to the bondholders in the form of general obligation bonds. The remainder of the City's debt represents bonds secured solely by specified revenue sources (i.e. revenue bonds) of the water and sewer system.

Outstanding Long-term Liabilities General Obligation and Revenue Bonds

	2005	2004	2005	2004	2005	2004
General obligation bonds	\$ 15,251,701	\$ 17,819,954	\$ 33,598,299	\$ 36,920,046	\$ 48,850,000	\$ 54,740,000
Revenue bonds	-	-	18,418,416	19,351,017	18,418,416	19,351,017
Total	<u>\$ 15,251,701</u>	<u>\$ 17,819,954</u>	<u>\$ 52,016,715</u>	<u>\$ 56,271,063</u>	<u>\$ 67,268,416</u>	<u>\$ 74,091,017</u>

The City of Wilmington's total bonded debt decreased by \$6,822,601(9.2%) during the past fiscal year. No new bonded debt was issued during the fiscal year ended June 30, 2005.

The City of Wilmington's general obligation bond rating was upgraded by Moody's in April 2005 from a AA3 to AA2. At June 30, 2005, the general obligation debt was rated AA by Fitch and Standard and Poor's. The revenue bonds of the Water and Sewer Fund have been rated A+ by Fitch and A1 by Moody's.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt limit for the City of Wilmington is \$683,401,202. The City has no authorized but unissued bonds at June 30, 2005.

Additional information on the City of Wilmington's long-term debt can be found in note 4 on pages 63-70 of this report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the City.

- The City of Wilmington's unemployment rate of 4.5% at June 30, 2005 was below the State average of 5.5% and the national average of 5.2%.
- Continued strong growth in construction; building permits valued at \$313,179,000 or 3.7% of the appraised property values issued for fiscal year 2005.
- Sales tax receipts (county-wide) were up almost 10.5% over prior fiscal year.

All of these factors were included in preparing the City of Wilmington's budget for the 2006 fiscal year.

Budget Highlights for the Fiscal Year Ending June 30, 2006

Governmental Activities. Property tax rate remained unchanged at .46 per \$100 for the 2006 fiscal year. The budget revenue estimate for fiscal year 2006 includes \$750,000 from unreserved fund balance.

Budgeted expenditures in the General Fund are expected to rise 1.5% to \$75,538,600. The largest increments are in employee compensation, including funding compensation and benefits adjustments, as well as the addition of nine new positions. Transfers to other funds were decreased by \$1,331,304 with the transfer to capital projects funds decreasing by \$885,089 and the transfer to the debt service fund reduced by \$594,000.

Business – type Activities. The adopted Water and Sewer Fund budget increased by 9.1% for fiscal year 2006. A .2% decrease in the operating budget is offset by an increase of \$1,823,386 in budgeted debt service payments. An overall 5.0% rate increase was adopted pursuant to a five-year plan of rate adjustments to support future systems improvements. The rate increase also applied to the Ground Water Utility Fund, which had an operating cost increase of approximately 14.4%. No fees or charges were adjusted in the other proprietary funds.

Requests for Information

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance, City of Wilmington, 320 Chestnut Street, Wilmington, N.C. 28401.

CITY OF WILMINGTON, NORTH CAROLINA

**Statement of Revenues, Expenditures and Changes in Fund Balances -
Governmental Funds (Continued)**

Year Ended June 30, 2005

Net change in fund balances - total governmental funds. \$ 41,501,661

Amounts reported for governmental activities in the statement of activities
are different because:

Change in fund balance due to change in reserve for inventory (61,813)

Governmental funds report capital outlays as expenditures. However,
in the statement of activities the cost of those assets is allocated over
their estimated useful lives and reported as depreciation expense.
This is the amount by which capital outlays exceeded depreciation in
the current period, including amounts for donations and disposals. 9,816,555

Revenues in the statement of activities that do not provide current
financial resources are not reported as revenues in the funds. 557,253

The issuance of long-term debt provides current financial resources
to governmental funds, while the repayment of the principal of
long-term debt consumes the current financial resources of
governmental funds. Neither transaction, however, has any effect on
net assets. Also, governmental funds report the effect of issuance
costs, premiums, discounts, and similar items when debt is first issued,
whereas these amounts are deferred and amortized in the statement of
activities. This amount is the net effect of these differences in the
treatment of long-term debt and related items. (36,900,404)

Some expenses reported in the statement of activities do not require
the use of current financial resources and, therefore, are not reported
as expenditures in governmental funds. (231,185)

Internal service funds are used by management to charge the costs of
equipment and personal computer replacement to individual funds.
The net revenue of these activities are reported with governmental
activities. 482,026

This amount represents the difference in funds contributed to the
special separation allowance for law enforcement officers below the
actuarially determined annual pension cost for the current year. (23,619)

Change in net assets - governmental activities \$ 15,140,474

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Wilmington, North Carolina (City) have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. REPORTING ENTITY

The City of Wilmington is a municipal corporation, incorporated in 1739, located in the southeastern corner of North Carolina with a population of 94,718. The City has a Council-Manager form of government with a seven-member council, which includes an elected mayor. As required by generally accepted accounting principles, these financial statements present the City and its component units, legally separate entities for which the City is financially accountable.

Blended component units, although legally separate entities, are in substance part of the government's operations and so data from these units is combined with data of the primary government. The discretely presented component unit, on the other hand, is reported in a separate column in the financial statements to emphasize that it is legally separate from the primary government. One component unit has no financial transactions or account balances and, therefore, does not appear in the financial statements. Each blended and discretely presented component unit has a June 30 year-end.

BLENDED COMPONENT UNITS

Cape Fear Utilities, Inc. and Quality Water Supplies, Inc.:

Cape Fear Utilities, Inc. and Quality Water Supplies, Inc., North Carolina nonprofit corporations, exist to provide and maintain a ground water utility system for citizens of Wilmington, North Carolina and the surrounding community. The City is the sole shareholder of each corporation and each of the corporations is governed by a board comprised of members of the City Council. The corporations have no other operations except for services provided to the City and are exempt from income taxes under section 501(c)(3) of the Internal Revenue Code. The rates for user charges and the annual budget of the ground water utility system are approved by the City Council. Therefore the operations of these corporations are combined and reported as an enterprise fund. The corporations do not issue separate financial statements.

Wilmington Future, Inc.:

Wilmington Future, Inc. (the Corporation), a North Carolina nonprofit corporation, exists to issue tax-exempt obligations pursuant to the Internal Revenue Code of 1986, as amended. The Corporation is governed by a three-member Board of Directors and may, by Board action, dismiss members and appoint up to four additional members. The Corporation has no financial transactions or account balances; therefore, it is not presented in the combined financial statements. The Corporation does not issue separate financial statements.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A. REPORTING ENTITY (continued)

DISCRETELY PRESENTED COMPONENT UNIT

Cape Fear Public Transportation Authority

Effective July 1, 2004 the Cape Fear Public Transportation Authority (Authority) was established under an interlocal agreement between New Hanover County (County) and the City of Wilmington to operate the County and City transportation facilities and provide transportation services throughout the City of Wilmington and up to 30 miles outside its corporate limits. The agreement effectively merged the transportation facilities and services provided by New Hanover County, the City of Wilmington and the former Wilmington Transit Authority (WTA). The City of Wilmington dissolved the WTA, and by agreement with the County provided that the Authority shall become the owner of all property and assets of the WTA and shall succeed to all rights, obligations and liabilities of the WTA. The WTA was reported as a discrete component unit of the City of Wilmington for the year ended June 30, 2004.

The interlocal agreement between the County and the City is effective for two years beginning July 1, 2004 through June 30, 2006. The agreement may be terminated upon six months written notice to the other party. Unless notice of termination is provided the agreement shall be automatically renewed for successive five year terms.

The Authority's eleven member board is comprised of the members of the Wilmington-New Hanover County Transportation Agency, a joint agency formed to make recommendations to the County and the City for merging the transportation facilities and services provided by the County, City and WTA. As the terms of these members expire, the Authority shall consist of five members appointed by the County, five members appointed by the City and one member appointed jointly by the County and City from a human service agency served by public transportation services.

Each proposed annual budget shall be submitted to the County and City for approval by the County Commissioners and City Council. The County and City shall provide annual funding to the Authority as their budgets permit. Any debt necessary for the maintenance, improvement or expansion of the Authority shall be incurred by the County or City for the benefit of the Authority. The Authority shall establish and revise, from time-to-time, schedules of rates, fees and charges for the use of the services of the Authority. City management is committed to the continued operation of the Authority.

The Authority, which had a June 30 year-end, is presented as if it were a proprietary fund. The Authority does not issue separate financial statements. For comparative purposes, WTA amounts from June 30, 2004 have been included in certain presentations.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION

Government-wide Statements: The statement of net assets and the statement of activities display information about the primary government and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the *governmental* and *business-type activities* of the City. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the City's funds. Separate statements for each fund category – *governmental*, *proprietary*, and *fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

General Fund. The General Fund is the general operating fund of the City. The General Fund accounts for all financial resources except those that are required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction and parks and recreation.

Building Improvements Fund. The Building Improvements Fund accounts for resources used for the acquisition, renovation and construction of major capital improvements, other than those financed by proprietary funds.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BASIS OF PRESENTATION (continued)

The City reports the following major proprietary funds:

Water and Sewer Fund. The Water and Sewer Fund accounts for the provision of water and sewer services by the City to all customers not covered by the Ground Water Utility Fund. The Water and Sewer Fund provides service to over 28,600 customers and is designed to be self-supporting.

Ground Water Utility Fund. The Ground Water Utility Fund accounts for the water services provided to the customers of Cape Fear Utilities, Inc. and Quality Water Supplies, Inc. The Ground Water Utility Fund provides service to over 14,500 customers and is designed to be self-supporting.

Solid Waste Management Fund. The Solid Waste Management Fund accounts for the provision of refuse collection and disposal services by the City.

Storm Water Management Fund. The Storm Water Management Fund accounts for storm water drainage services.

Parking Facilities Fund. The Parking Facilities Fund accounts for the operation of the City's parking facilities and the on-street parking program.

Additionally, the City reports the following fund types:

Internal Service Funds. The City's Internal Service Funds account for fleet management services and replacement of personal computers to other departments of the City on a cost reimbursement basis.

Pension Trust Fund. The City's Pension Trust Fund accounts for the Law Enforcement Officers' Special Separation Allowance, a single-employer, defined benefit, public safety employee retirement system.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

In accordance with North Carolina General Statutes, all funds of the City and the Authority are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements. The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (continued)

Governmental Fund Financial Statements. Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of January 1, 1993, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, New Hanover County is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts in the County, including the City of Wilmington. For motor vehicles registered under the staggered system, property taxes are due the first day of the fourth month after the vehicles are registered. The billed taxes are applicable to the fiscal year in which they become due. Therefore, the City's vehicle taxes for vehicles registered in New Hanover County from March 2004 through February 2005 apply to the fiscal year ended June 30, 2005. Uncollected taxes that were billed during this period are shown as a receivable in these financial statements and are offset by deferred revenues. For vehicles registered under the annual system, taxes are due on May 1 of each year. For those vehicles registered and billed under the annual system, uncollected taxes are reported as a receivable on the financial statements and are offset by deferred revenues because the due date and the date upon which interest begins to accrue passed prior to June 30. The taxes for vehicles registered annually that have already been collected as of year-end are also reflected as deferred revenues at June 30, 2005 because they are intended to finance the City's operations during the 2006 fiscal year.

Sales taxes and certain intergovernmental revenues, such as utilities franchise tax, collected and held by the State at year-end on behalf of the City are recognized as revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. Grant revenues, which are unearned at year-end, are recorded as unearned revenues. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

As permitted by generally accepted accounting principles, the City has elected to apply only applicable FASB Statements and Interpretations issued on or before November 30, 1989 that do not contradict GASB pronouncements in its accounting and reporting practices for its proprietary operations.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. BUDGETARY DATA

Budgets for the City and the Authority are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, Debt Service Fund, enterprise funds, internal service funds and the Authority. All annual appropriations lapse at the fiscal-year end. Project ordinances are adopted for special revenue funds and capital projects funds, including the enterprise capital projects funds which are consolidated with the operating funds for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the functional level for all annually budgeted funds and at the project level for the multi-year funds. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

E. ASSETS, LIABILITIES, NET ASSETS OR EQUITY

DEPOSITS AND INVESTMENTS

All deposits of the City and of the Authority are made in board-designated official depositories and are secured as required by State law [G.S. 159-31]. The City and the Authority may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the City and the Authority may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the City and the Authority to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The City's investments with a maturity of more than one year at acquisition and non-money market investments are reported at fair value as determined by quoted market prices. The securities of the NCCMT Cash Portfolio, a SEC-registered (2a-7) money market mutual fund, are valued at fair value, which is the NCCMT's share price. Money market investments that have a remaining maturity at the time of purchase of one year or less are reported at amortized cost.

In accordance with State law, the City has invested in securities that are callable and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

CASH AND CASH EQUIVALENTS

The City pools money from several funds to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. ASSETS, LIABILITIES, NET ASSETS OR EQUITY (continued)

RESTRICTED ASSETS

Unexpended proceeds from installment obligations of the Parking Facilities Fund are classified as restricted assets because their use is completely restricted to the purpose for which the loan was originally made. Unexpended proceeds from installment obligations of the Building Improvements Fund are classified as restricted assets because the proceeds are restricted by the lender for the purpose for which the loan was made.

AD VALOREM TAXES RECEIVABLE

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the City levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, interest does not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2004. For collection purposes, taxes receivable are written off at the end of ten years in accordance with North Carolina General Statutes.

ALLOWANCES FOR DOUBTFUL ACCOUNTS

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the aging of account balances.

INVENTORY AND PREPAID ITEMS

Inventories are maintained for major items used by the governmental funds, proprietary funds and the Authority in their operations. They are stated at cost (first-in, first-out) in the governmental funds and at the lower of cost (first-in, first-out) or market in the proprietary funds. Disbursements for inventory-type items in the General Fund are considered to be expenditures at the time of purchase. Inventory of the General Fund is shown on the balance sheet with an offsetting contra account, "Reserved for inventories", in the fund balance of the General Fund.

CAPITAL ASSETS

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization costs are as follows: land, \$10,000; furniture and equipment \$5,000; buildings and improvements, plant structures \$25,000; infrastructure and certain improvements other than buildings \$100,000. Infrastructure includes streets and drainage systems as well as water and sewer lines. Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of donation.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. ASSETS, LIABILITIES, NET ASSETS OR EQUITY (continued)

CAPITAL ASSETS (continued)

Pursuant to GASB Statement No. 34, the City is required to retroactively report all major general infrastructure assets for fiscal years beginning after June 15, 2006. Therefore, general infrastructure assets acquired prior to July 1, 2002 have not been included in these financial statements. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The City follows the policy of capitalizing interest as a component of the cost of proprietary fund type capital assets constructed for its own use in accordance with the guidelines of Statement of Financial Accounting Standards No. 62, and other related pronouncements. During the year ended June 30, 2005, a total of \$90,806 was capitalized in the Parking Facilities Fund and \$96,239 was capitalized in the Storm Water Management Fund.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

Asset class	Estimated useful lives	
Infrastructure (including water and sewer lines)	50	years
Buildings, plant, structures and improvements	40	years
Improvements other than buildings	20	years
Parking facilities plant and structures	20	years
Vehicles	5	years
Furniture and equipment	5	years

The interlocal agreement between the County and City that provides for the operation of transportation facilities and providing of transportation services requires that title to all personal property, equipment, fixtures and real property owned by the County and City shall remain with the current owner. For financial reporting purposes, the asset values and related accumulated depreciation for assets owned by the City were recorded from the WTA. Assets acquired from the County were reported as acquisitions in the current year and recorded at estimated fair value.

When capital grant assets are disposed of, the federal government, through the Federal Transit Administration (FTA) program, must receive its proportional share of the fair market value of the assets. Property, plant and equipment are depreciated in the proprietary fund of the Authority using the straight-line method over the following estimated useful lives:

Asset class	Estimated useful lives	
Plant and structures	20	years
Building improvements	10	years
Buses	10	years
Vans	8	years
Furniture, fixtures, machinery and equipment	5	years
Communications equipment	8	years

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. ASSETS, LIABILITIES, NET ASSETS OR EQUITY (continued)

INTANGIBLE ASSETS

Intangible assets consist of water availability rights under an agreement the City entered into with a regional public authority. The agreement makes available to the City fifteen million gallons per day of raw water. The availability rights are being amortized over forty years, the life of the agreement.

LONG-TERM OBLIGATIONS

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuance are reported as other financing sources while discounts on debt issuance are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

The City has entered into an interest rate swap agreement to modify interest rates on outstanding debt in the Water and Sewer Fund. Other than the net interest expense resulting from the agreement, no amounts are recorded in the financial statements.

COMPENSATED ABSENCES

Under the City's current personnel ordinance, full-time employees accrue vacation days based on years of service and may accumulate up to twice their annual accrual level on January 31st of each year. Any unused days not exceeding twice the annual accrual level will be paid upon termination of employment. Full time employees receive up to eleven paid holidays per year. If scheduled holidays can not be taken, employees may accumulate up to twenty days and be paid for any unused days upon termination of employment. Sick leave credits can be accumulated indefinitely and employees with five years continuous service shall be paid for 25% of their unused sick leave upon termination of employment. For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a first-in, first-out method of using accumulated compensated time. The portion of the time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. ASSETS, LIABILITIES, NET ASSETS OR EQUITY (continued)

COMPENSATED ABSENCES (continued)

As more fully described in Note 4, the Authority contracts with First Transit, Inc. to provide management services, including the furnishing of employees to operate and maintain the equipment. As of June 30, 2005 the Authority recorded a liability of \$27,894 for unused vacation benefits for employees of First Transit, Inc. and the Authority. Although sick leave may accumulate to a maximum of seventy-five days for employees of First Transit, Inc. and ninety days for Authority employees, it does not vest. The Authority has no obligation for accumulated sick leave until it is actually taken, therefore, no accrual for sick leave has been made. First Transit, Inc. provides other benefits that are reimbursed by agreement.

MEDICAL SELF-INSURANCE PROGRAM

The City is currently a self-insurer for group medical insurance. The City has contracted with Blue Cross and Blue Shield of North Carolina to administer the program. In addition, the City has a contract with HCC Benefits Corporation to provide for individual stop-loss and aggregate stop-loss charges and partial pooling of claims above a specified amount. The individual stop-loss and aggregate stop-loss provides a method by which the group limits claims charged to its account to 125% of expected claims. The partial pooling – specific loss pooling provides that during any one contract period the total accumulated claims expense paid for any one participant above \$150,000 will not be charged to the group during the remainder of that contract period for that participant. A provision of \$706,906 for estimated claims incurred but not reported as of June 30, 2005, is accrued in accordance with the guidelines of GASB Statement No. 10.

WORKERS' COMPENSATION SELF-INSURANCE PROGRAM

The City is currently a self-insurer for workers' compensation insurance. The City has contracted with Key Risk, Inc., a provider of claims administrative services, to administer the program. The program provides that the City would be responsible for the first \$300,000 of cost and/or benefits payable to employees (other than public safety) resulting from any one accident or event, regardless of the number of persons injured. For public safety employees (police and fire) the City is responsible for the first \$500,000 of cost and/or benefits. Specific excess reinsurance would provide coverage above these dual limits (\$300,000/\$500,000) up to maximum limits provided under the North Carolina Workers' Compensation Act. In addition, aggregate excess reinsurance would provide protection against cumulative retained losses during the year, capping retained losses at \$3,000,000. A provision of \$203,187 for estimated claims incurred as of June 30, 2005, is accrued in accordance with the guidelines of GASB Statement No. 10.

NET ASSETS/FUND BALANCES

Net assets in government-wide and proprietary fund financial statements are classified as invested in capital assets, net of related debt; restricted; and unrestricted. Restricted net assets represent constraints on resources that are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through state statute.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NET ASSETS/FUND BALANCES (continued)

In the governmental fund financial statements, reservations of fund balance represent amounts that cannot be appropriated or are legally segregated for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

State law [G.S. 159-13(b)(16)] restricts appropriation of fund balance for the subsequent year's budget to an amount not to exceed the sum of cash and investments minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts as those amounts stand at the close of the fiscal year preceding the budget year.

The governmental fund types classify fund balances as follows:

Reserved:

Reserved for encumbrances - portion of fund balance available to pay for commitments related to purchase orders or contracts which remain unperformed at year-end.

Reserved for inventories - portion of fund balance that is not available for appropriation because it represents the year-end fund balance of ending inventories, which are not expendable, available resources.

Reserved by State statute - portion of fund balance, in addition to reserves for encumbrances and reserves for inventories, which is not available for appropriation under State law [G.S. 159-8(a)]. This amount is usually comprised of accounts receivable and interfund receivables, which have not been offset by deferred revenues.

Reserved for loans - portion of fund balance that is not available for appropriation because it represents the year-end fund balance of notes receivable, which are not expendable, available resources.

Reserved for firemen's relief - portion of fund balance that has been specifically set-aside to fund firemen's benefits.

Reserved for capital projects - represents the proceeds of debt obligations used to finance major capital improvements not yet completed and funds accumulated for future capital projects.

Reserved for debt service - represents amounts held for the future payment of general long-term debt principal and interest.

Reserved for Convention Center Facility - portion of fund balance representing proceeds from room occupancy tax specifically levied for construction of a convention center.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued)

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NET ASSETS/FUND BALANCES (continued)

Unreserved:

The unreserved portion of fund balance is further detailed as either designated for a specific purpose or undesignated. Designated fund balance for specific purposes is as follows:

Subsequent year's expenditures	\$ 750,000
Self insurance	<u>750,000</u>
	<u>\$ 1,500,000</u>

Undesignated - portion of total fund balance available for appropriation that is uncommitted at year-end.

F. COMPARATIVE DATA

Comparative data for the prior year has been presented in selected sections of the City's CAFR in order to provide an understanding of changes in the City's financial position and operations. Comparative totals have not been included on the statements where their inclusion would not provide enhanced understanding of the City's financial position and operations, or would cause the statements to be unduly complex or difficult to understand.

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

A. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS BALANCE SHEET AND THE GOVERNMENT-WIDE STATEMENT OF NET ASSETS

The governmental funds balance sheet includes a reconciliation between total fund balances – governmental funds and net assets – governmental activities as reported in the government-wide statement of net assets. One item of that reconciliation explains that “long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.”

The details of that item are as follows:

Bonds payable	\$ 15,251,701
Installment obligations	53,729,242
Unamortized issuance costs, premiums and similar items	939,075
Accrued interest payable	511,552
Other long-term obligations	6,587,390
Accrued vacation and sick leave	<u>4,704,374</u>
	<u>\$ 81,723,334</u>

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental funds statement of revenues, expenditures and changes in fund balances includes a reconciliation between net change in fund balances – total governmental funds and changes in net assets - governmental activities as reported in the government-wide statement of activities. One item of that reconciliation explains that “governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.” Another item of that reconciliation states that “this is the amount by which capital outlays exceeded depreciation in the current period, including amounts for donations and disposals.”

The details of those items are as follows:

Capital outlay	\$ 11,718,794
Donations of capital assets increase net assets in the statement of activities, but do not appear in the governmental funds because they are not financial resources.	771,286
Transfers of capital assets to proprietary funds and the net book value of capital assets sold decrease net assets in the statement of activities, but do not appear in governmental funds because they are not financial resources.	(7,704)
Depreciation expense	<u>(2,665,821)</u>
	<u>\$ 9,816,555</u>

Another item of that reconciliation states that “revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.” The details of this item are as follows:

Accrued room occupancy tax receivable	\$ 516,396
Accrued interest receivable	73,481
Tax and other receipts deferred in funds	<u>(32,624)</u>
	<u>\$ 557,253</u>

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 2 – RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS (continued)

B. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES (continued)

Another element of that reconciliation states that “the issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds”. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.

The details of this item are as follows:

Debt issued:

Issuance of installment obligations	\$ (12,197,156)
Issuance of refunding installment obligations	(37,426,338)
Issuance of other long-term obligations	(1,184,184)
Issuance costs (to be amortized over the life of the obligation)	855,804

Principal payments:

Bonds payable	2,568,253
Installment obligations	898,569
Refunded installment obligations	8,535,107
Other long-term obligations	1,118,594
Amortization of issuance costs, premiums and similar items	<u>(69,053)</u>
	<u>\$ (36,900,404)</u>

The reconciliation further states that “some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.” The details of this item are as follows:

Accrued vacation and sick leave	\$ (54,695)
Accrued interest payable	<u>(176,490)</u>
	<u>\$ (231,185)</u>

NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

FUND BALANCE DEFICITS IN INDIVIDUAL FUNDS

The unreserved, undesignated fund balances in the governmental fund types include a deficit of \$264,268 in the Community Development Fund and \$198,422 in the Home Investment Partnership Fund. The Community Development Fund and the Home Investment Partnership Fund are included in the Special Revenue Funds. The deficit in the Special Revenue Funds will be eliminated with future reimbursements of federal and state grant funds.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS

A. ASSETS

DEPOSITS AND INVESTMENTS

All of the City's and the Authority's deposits are either insured or collateralized under the pooling method. Under the pooling method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City and the Authority, these deposits are considered to be held by each unit's agent in the unit's name. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest bearing deposits.

Depositories using the pooling method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the units or the escrow agents. Because of the inability to measure the exact amount of collateral pledged for the units under the pooling method, the potential exists for undercollateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the pooling method. The City and the Authority have no policy regarding custodial credit risk for deposits.

At June 30, 2005, the City's deposits had a carrying amount of \$13,050,753 and a bank balance of \$15,259,983. Of the bank balance, \$200,000 was covered by federal depository insurance and \$15,059,983 was covered by collateral held under the pooling method. Cash on hand at June 30, 2005, was \$9,683.

At June 30, 2005, the Authority's deposits had a carrying amount of \$16,818 and a bank balance of \$83,483. The bank balance at June 30, 2005 was covered by federal depository insurance.

At June 30, 2005, the City's investments were as follows:

	Fair Value	Weighted Average Maturity (Years)
U.S. Government Treasuries	\$ 18,334,590	0.83
U.S. Government Agencies *	77,108,745	0.95
North Carolina Capital Management Trust-Cash Portfolio	38,208,502	N/A
Total fair value	<u>\$ 133,651,837</u>	
Portfolio weighted average maturity		0.66

* Included in U.S. Government Agencies are callable securities. For weighted average maturity, it is assumed that these securities will be held to maturity.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

A. ASSETS (continued)

DEPOSITS AND INVESTMENTS (continued)

Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy limits the weighted average maturity of the City's investment portfolio to no more than 12 months. Also, the City's investment policy requires purchases of securities to be laddered with staggered maturity dates and limits all securities to a final maturity of no more than five years.

Credit Risk

The City had no formal policy on managing credit risk. As of June 30, 2005, the City's investments in the NC Capital Management Trust - Cash Portfolio carried a credit rating of AAAm by Standard & Poor's. The City's investments in US Agencies (Federal Home Loan Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation and Federal Farm Credit Bank) are rated AAA by Standard & Poor's and Aaa by Moody's Investors Service.

Concentration of Credit Risk

The City's investment policy limits the amount that the City may invest in any one issuer to 25% of the City's total investments. More than 5 percent of the City's investments are in the Federal Home Loan Bank, the Federal National Mortgage Association, the Federal Home Loan Mortgage Corporation and the Federal Farm Credit Bank securities. These investments are 13.6%, 13.6%, 15.3% and 15.1% respectively of the City's total investments.

At June 30, 2005, the Authority had no investments.

RECEIVABLES

Receivables at the government-wide level at June 30, 2005, were as follows:

	Taxes	Accounts	Other Governments	Notes	Other	Total
Governmental activities:

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES

PENSION PLAN OBLIGATIONS

1. Local Governmental Employees' Retirement System

Plan Description. The City of Wilmington and the Authority contribute to the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS provides retirement and disability benefits to plan members and beneficiaries. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute six percent of their annual covered salary. The City and the Authority are required to contribute at an actuarially determined rate. For the City and the Authority, the current rate for employees not engaged in law enforcement and for law enforcement officers is 4.80% and 4.78%, respectively, of annual covered payroll. The contribution requirements of members, the City and the Authority are established and may be amended by the North Carolina General Assembly.

Contributions by the City and Authority to LGERS for the years ended June 30, 2005, 2004, and 2003 were \$1,986,374, \$1,853,744 and \$1,755,109, respectively. The contributions made by the City and the Authority equaled the required contributions for each year.

2. Law Enforcement Officers' Special Separation Allowance

a. Plan Description.

The City of Wilmington administers a public employee retirement system (the "Separation Allowance"), a single-employer defined benefit pension plan that provides retirement benefits to the City's qualified sworn law enforcement officers. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Separation Allowance is included in the City's financial statements as a pension trust fund. The Separation Allowance does not issue separate financial statements.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

PENSION PLAN OBLIGATIONS (continued)

2. Law Enforcement Officers' Special Separation Allowance (continued)

a. Plan Description. (continued)

All full-time law enforcement officers of the City are covered by the Separation Allowance. At December 31, 2004, the Separation Allowance's membership consisted of:

Retirees currently receiving benefits	17
Terminated plan members entitled to but not yet receiving benefits	-
Active plan members	<u>247</u>
Total	<u><u>264</u></u>

b. Summary of Significant Accounting Policies:

Basis of Accounting. Financial statements for the Separation Allowance are prepared using the accrual basis of accounting. Employer contributions to the plan are recognized when due and when the City has made a formal commitment to provide the contributions. Benefits are recognized when due and payable in accordance with the terms of the plan.

Methods used to Value Investments. Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price on the government's balance sheet date. Securities without an established market are reported at estimated fair value.

c. Contributions.

The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned by making contributions based on actuarial valuations. For the current year, the City contributed \$250,633 or 2.70% of annual covered payroll. There were no contributions made by employees. The City's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly.

The annual required contribution for the current year was determined as part of the December 31, 2003 actuarial valuation using the projected unit credit actuarial cost method. The actuarial assumptions included (a) 7.25% investment rate of return and (b) projected salary increases ranging from 5.9% to 9.8% per year. Both (a) and (b) included an inflation component of 3.75%. The assumptions did not include postretirement benefit increases. The actuarial value of assets was determined using the market value of investments. The unfunded actuarial accrued liability is being amortized as a level percentage of pay on a closed basis. The remaining amortization period at December 31, 2003 was 27 years.

PENSION PLAN OBLIGATIONS (continued)

2. Law Enforcement Officers' Special Separation Allowance (continued)

c. Contributions. (continued)

Annual Pension Cost and Net Pension Obligation. The City's annual pension cost and net pension obligation (asset) in regards to the Separation Allowance for the current year are as follows:

Annual required contribution	\$ 279,828
Interest on net pension obligation	(24,644)
Adjustment to annual required contribution	19,068
Annual pension cost	274,252
Contributions made	(250,633)
Change in net pension obligation (asset)	23,619
Net pension obligation (asset) beginning of year	(339,911)
Net pension obligation (asset) end of year	<u>\$ (316,292)</u>

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Percent of APC Contributed	Net Pension Obligation (Asset)
June 30, 2003	\$ 240,614	93.72 %	\$ (335,468)
June 30, 2004	233,127	101.91	(339,911)
June 30, 2005	274,252	91.39	(316,292)

3. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The City contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

Funding Policy. Article 12E of G.S. Chapter 143 requires the City to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. For the year ended June 30, 2005 the City's required contribution was \$501,265 for the law enforcement officers.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

PENSION PLAN OBLIGATIONS (continued)

3. Supplemental Retirement Income Plan for Law Enforcement Officers (continued)

The City has elected to make contributions on behalf of all employees to the Supplemental Retirement Income Plan or the 457 Deferred Compensation Plan, discussed below. The City's contribution is 4.5% of covered payroll and contributions are made to the plan selected by the employee. The City Council established the contribution and can amend or discontinue it at any time. Employees can also make voluntary contributions to these plans.

Employer contributions to the Supplemental Retirement Income Plan, excluding required contributions for law enforcement officers, totaled \$972,302 for the year ended June 30, 2005. Employee contributions to this plan, including law enforcement officers, included in salary expense for the year ended June 30, 2005, were \$671,410. The Authority elected to make a 4.5% contribution to the Supplemental Retirement Income Plan on behalf of its employees, totaling \$1,393 for the year ended June 30, 2005.

4. Firemen's Pension Fund

Plan Description. The State of North Carolina contributes, on behalf of the City of Wilmington, to the Firemen's and Rescue Squad Workers' Pension Fund (Fund), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. The Fund provides pension benefits for eligible fire and rescue squad workers that have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Firemen's and Rescue Squad Workers' Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

Funding Policy. Plan members are required to contribute \$10 per month to the Fund. The State, a non-employer contributor, funds the plan through appropriations. The City does not contribute to the Fund. Contribution requirements of plan members and the State of North Carolina are established and may be amended by the North Carolina General Assembly.

DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is administered by the International City Managers' Association Retirement Corporation. The plan, available to all City employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergencies. All assets of the plan are held in trust for the exclusive benefit of the participants and their beneficiaries.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

DEFERRED COMPENSATION PLAN (continued)

The City provides a contribution of 3% of covered payroll to the 457 Deferred Compensation Plan for fire fighters. The City also matches the contributions made by the fire fighters to the 457 Deferred Compensation Plan up to 3% of covered payroll. The City Council established both the 3% contribution and the matching contribution and may amend or discontinue them at any time. Contributions by fire fighters to the plan, included in salary expense for the year ended June 30, 2005, were \$350,603 that was matched by the City.

Employer contributions to the 457 Deferred Compensation Plan totaled \$1,313,499 for the year ended June 30, 2005. This amount included the 3% contribution and matching contributions for fire fighters as well as the 4.5% employer contribution available to all employees. Employee contributions to the plan, excluding the fire fighter's 3% deferral, included in salary expense for the year ended June 30, 2005, were \$212,799.

OTHER POST-EMPLOYMENT BENEFITS

In addition to providing pension benefits, the City of Wilmington has voluntarily elected to provide post-retirement health benefits to retirees of the City who participate in the North Carolina Local Government Employees' Retirement System (System) and have at least five years of creditable service with the City. The City shares the cost of coverage for these benefits with the retiree by paying claims under its medical self-insurance program and charging participants a copayment amount. Expenditures for post-employment health care benefits are recognized as retirees report claims and include a provision for actual claims and claims not yet reported. Currently, 109 retirees participate in the post-retirement health benefits. The City's expenditures totaled \$554,516 for the year ended June 30, 2005, net of \$146,367 received from participants.

The City has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest month's salary in a row during the 24 months prior to the employee's death, but will not be a minimum of \$25,000 and will not exceed \$50,000. The City has no liability beyond the payment of monthly contributions.

Contributions are determined as a percentage of monthly payrolls, based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. Because the benefit payments are made by the Death Benefit Plan and not by the City, the City does not determine the number of eligible participants. For the fiscal year ended June 30, 2005, the City made contributions to the State for death benefits of \$13,776. The City is not required to contribute for employees not engaged in law enforcement. For law enforcement officers the City's contribution represented .14% of covered payroll. The contributions to the Death Benefit Plan cannot be separated between the post employment benefit amount and the other benefit amount.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES

General Obligation Bonds

The City issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds, which pledge the full faith, credit, and taxing power of the City, have been issued for both governmental and business-type activities. General obligation bonds issued for governmental activity purposes are serviced by the Debt Service Fund beginning in 2005 and by the General Fund prior to 2005. Those bonds reported in the business-type activities are expected to be repaid from revenues of the proprietary funds.

General obligation bonds outstanding at June 30, 2005 are as follows:

Purpose	Interest Rates	Amount
Governmental activities	3.00% - 5.25%	\$ 9,656,176
Governmental activities - refunding	2.00% - 5.00%	5,595,525
Business-type activities	4.50% - 5.00%	3,963,824
Business-type activities - refunding	2.00% - 5.00%	29,634,475
		<u>\$ 48,850,000</u>

Annual debt service requirements to maturity for general obligation bonds at June 30, 2005 are as follows:

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2006	\$ 2,289,546	\$ 608,924	\$ 3,175,454	\$ 1,336,130
2007	2,142,182	532,517	3,177,818	1,211,665
2008	2,228,378	456,565	3,481,622	1,088,046
2009	1,637,863	375,769	3,697,137	945,590
2010	1,152,816	314,052	4,142,184	797,533
2011-2015	3,935,916	942,259	15,924,084	1,754,093
2016-2018	1,865,000	168,581	-	-
	<u>\$ 15,251,701</u>	<u>\$ 3,398,667</u>	<u>\$ 33,598,299</u>	<u>\$ 7,133,057</u>

Revenue Bonds

The City has \$12,790,000 in outstanding tax exempt 1999 revenue bonds at June 30, 2005 bearing interest payable semi-annually at fixed rates from 4.5% to 5.75%. Principal is payable in varying amounts through 2019. At June 30, 2005, the City has \$5,628,416 outstanding in a tax-exempt 2003 revenue bond bearing interest payable semi-annually at a fixed rate of 3.65%. Principal is payable in varying amounts through 2019. Net revenues of the Water and Sewer Fund (a business-type activity) are pledged as security for the revenue bonds. Principal and interest requirements will be provided by appropriation in the year in which they become due.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

Revenue Bonds (continued)

Certain covenants are contained in the revenue bond orders, among the most restrictive of which provides that the City maintain a long-term debt service coverage ratio, as defined, of not less than 1.20. The City was in compliance with the covenants during the fiscal year ended June 30, 2005.

Debt service requirements to maturity are as follows:

Year Ending June 30	Business-type Activities	
	Principal	Interest
2006	\$ 974,299	\$ 890,231
2007	1,016,428	847,142
2008	1,064,004	801,491
2009	1,112,043	752,952
2010	1,160,562	702,183
2011-2015	6,703,685	2,617,831
2016-2019	6,387,395	797,057
	<u>\$ 18,418,416</u>	<u>\$ 7,408,887</u>

Installment Obligations

Certificates of Participation, all tax-exempt, have been issued in prior years for purchase of real property, construction of public facilities, construction of new parking facilities and the acquisition of two private water systems. Outstanding certificates bear interest, payable semi-annually, at fixed rates from 2.0% to 5.35% with varying maturities through 2028.

In July 2004, the City issued a total of \$11,810,000 in tax-exempt Certificates of Participation, with a net premium of \$387,156. The certificates bear interest, paid semi-annually at fixed rates from 2.25% to 5.25% in varying maturities through 2029. The proceeds are being used to construct a fire station and operations center. The debt is accounted for in the City's governmental activities.

In June 2005, the City issued a total of \$37,020,000 in tax-exempt Certificates of Participation, with a net premium of \$1,931,880. The certificates bear interest, paid semi-annually at fixed rates from 3.00% to 5.00% in varying maturities through 2032. A total of \$1,525,542 of the proceeds is being used for drainage improvements. The debt is accounted for in the Storm Water Management Fund, a business-type activity of the City. A total of \$28,743,101 of the proceeds is being used to construct a police headquarters facility and an operations center. These certificates are accounted for in the governmental activities of the City. The balance of the proceeds is being used to advance refund \$6,599,320 of Series 1997 Certificates of Participation and \$1,935,787 of Series 1999B Certificates of Participation with a premium of \$332,933 and \$65,304, respectively.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

Installment Obligations (continued)

The reacquisition price exceeded the net carrying amount of the old debt by \$340,107. This amount is being netted against the new debt and amortized over the life of the refunded debt, which is same as the new debt issued. The refunding Certificates of Participation are accounted for in the City's governmental activities. The transaction resulted in an economic gain of \$320,698 and a reduction of \$257,575 in future debt service payments.

At June 30, 2005 the principal balance of Certificates of Participation accounted for in governmental activities was \$53,729,242. Principal and interest requirements will be provided by appropriation in the Debt Service Fund in the year they become due.

The outstanding principal balance of Certificates of Participation accounted for in the business-type activities totaled \$30,250,758 at June 30, 2005. A total of \$9,065,758 is accounted for in the Parking Facilities Fund. A total of \$1,465,000 is accounted for in the Storm Water Management Fund. The remaining \$19,720,000 in principal balance is accounted for in the Ground Water Utility Fund. Principal and interest requirements will be provided by appropriation in these funds in the year in which they become due.

Year Ending June 30	Governmental Activities		Business-type Activities	
	Principal	Interest	Principal	Interest
2006	\$ 1,228,569	\$ 2,440,857	\$ 881,431	\$ 1,474,071
2007	1,593,569	2,431,965	1,151,431	1,440,188
2008	1,673,569	2,371,745	1,176,431	1,395,989
2009	1,708,569	2,319,230	1,221,431	1,347,696

2011-2015	11,887,845	10,126,670	6,912,155	5,546,888
2016-2020	11,857,845	7,146,203	8,217,155	3,704,685
2021-2025	9,980,707	4,395,862	8,234,293	1,428,416
2026-2030	9,350,000	1,987,400	1,200,000	114,000
2031-2032	2,660,000	197,925	-	-
	<u>\$ 53,729,242</u>	<u>\$ 35,675,802</u>	<u>\$ 30,250,758</u>	<u>\$ 17,744,456</u>

Defeased Debt

In June 2005, the City defeased Certificates of Participation by placing the proceeds in an irrevocable trust to provide for all future debt service payments on the old debt. Accordingly, the trust account assets and liabilities for the defeased certificates are not included in the City's financial statements. At June 30, 2005, \$8,195,000 of outstanding certificates are considered defeased.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

Other Long-Term Obligations

The City is financing the acquisition of certain equipment and real property for governmental activities through installment notes. These notes bear interest at rates ranging from 2.38% to 3.94% and are being paid from the Debt Service Fund. In May 1996, the City entered into an installment purchase agreement for various equipment acquisitions. The note is payable through 2006 at a fixed rate of interest of 2.38% and the current balance is \$362,375. In December 2000, the City entered into an installment purchase agreement for various equipment acquisitions. The note is payable through 2006 at a fixed rate of interest of 2.75% and the current balance is \$503,331. In December 2001, the City entered into an installment purchase agreement for improvements to the Legion Stadium Sports Complex. The note is payable through 2022 at a fixed rate of interest of 3.94%, the current balance on the note is \$4,537,500. In October 2004, the City entered into a variable rate installment purchase agreement in the amount of \$3,000,000 with a draw down period through October 1, 2005 for police and fire equipment and for scheduled equipment replacements in the internal service funds. Since the internal service funds predominantly serve the governmental funds, \$880,627 is included in the governmental activities balance. The note is payable through 2009 at a variable interest rate payable quarterly at 90% of the 30 day London Interbank Offered Rate (LIBOR) plus .20%. The rate at June 30, 2005 was 3.04%. Principal is payable annually in four equal payments beginning October 1, 2006. As of June 30, 2005, the current balance of the note is \$2,064,811. The outstanding balance at June 30, 2005, related to the various installment notes, including Legion Stadium, aggregated \$7,468,017.

The City has entered into various lease-purchase and other financing agreements related to the business-type activities for the acquisition of equipment and real property as well as water availability rights. The Water and Sewer Fund has an installment obligation to the Lower Cape Fear Water and Sewer Authority for water availability rights. The outstanding balance at June 30, 2005 under this obligation was \$22,158 and the obligation bears interest at approximately 6.0%. The Parking Facilities Fund has an installment note payable at June 30, 2005 in the amount of \$728,935. The note has an overall interest rate of 3.4%. The Golf Fund has an installment note payable at June 30, 2005 in the amount of \$24,270. The note has an overall interest rate of 2.75%.

LONG-TERM LIABILITIES (continued)

Interest Rate Swap Agreement

Objective of the interest rate swap. As a means to lower its borrowing costs and increase its savings, when compared against fixed-rate refunding bonds at the time of issuance in February 2002; the City entered into an interest rate swap in connection with its \$28,825,000 Variable Rate General Obligation Refunding Bonds, Series 2002. The intention of the swap agreement was to effectively change the City's interest rate on the bonds to a synthetic fixed rate of 3.815%.

Terms. The bonds and the related swap agreement mature on June 1, 2015 and the swap's notional amount of \$24,940,000 matches the face amount of the variable-rate bonds. The swap was entered into at the same time the bonds were issued (February 2002). The notional value of the swap declines with the principal amount of the associated debt. Under the swap the City pays the counterparty a fixed payment of 3.815% and receives a variable payment computed at 67% of the LIBOR. Conversely, the bonds' variable-rate coupons are based on the actual float rate coupons marketed weekly.

Fair value. Because interest rates have declined since execution of the swap, the swap has a negative fair value of \$1,291,075 as of June 30, 2005. The swap's negative fair value may be countered by a reduction in total interest payments required under the variable rate bonds, creating a lower synthetic interest rate. Because the coupons on the City's variable-rate bonds are adjusted every seven days to changing interest rates, the bonds do not have a corresponding fair value increase. The mark-to-market valuations were established by market quotations from the counterparty representing estimates of the amounts that would be paid for replacement transactions.

Credit risk. As of June 30, 2005 the City was not exposed to credit risk because the swap had a negative fair value. However, should interest rates change and the fair value of the swap become positive, the City would be exposed to credit risk in the amount of the derivative's fair value. The swap counterparty was rated Aa1 by Moody's Investors Service (Moody's), AA by Standard and Poor's (S&P) and AA by Fitch Ratings (Fitch). To mitigate the potential for credit risk, if the counterparty's credit quality falls to A1 by Moody's or A+ by either S&P or Fitch and their exposure exceeds \$5,000,000 the fair value of the swap will be fully collateralized by the counterparty with U.S. government securities. Collateral would be posted with a third party custodian.

Basis risk. The swap exposes the City to basis risk should the relationship between LIBOR and the average rate paid on the floating rate coupon converge, changing the synthetic rate on the bonds. The effect of this difference in basis is indicated by the difference between the intended synthetic rates of 3.815% and the synthetic rate as of June 30, 2005 of 3.86%. As of June 30, 2005, the rate on the City's Bonds was 2.28% whereas 67% of LIBOR was 2.2378%.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

Interest Rate Swap Agreement (continued)

Termination risk. The City or the counterparty may terminate the swap if the other party fails to perform under the terms of the contract. An additional termination event occurs if the counterparty's credit rating falls below Baa1 (Moody's) or BBB+ (S&P and Fitch) by at least two of the rating agencies. The swap may be terminated by the City with 30 days notice and the counterparty can only terminate the swap if the City falls below BBB- with any of the three major rating services. Also, if at the time of termination the swap has a negative fair value, the City would be liable to the counterparty for a payment equal to the swap's fair value.

Swap payments and associated debt. Using rates as of June 30, 2005, debt service requirements of the variable-rate debt and net swap payments, assuming current interest rates remain the same for the term of the bonds, were as follows. As rates vary, variable-rate bond interest payments and net swap payments will vary.

Fiscal Year Ending June 30	Principal	Interest	Interest Rate Swap, Net	Total
2006	\$ 1,535,000	\$ 568,632	\$ 393,354	\$ 2,496,986
2007	1,725,000	533,634	369,144	2,627,778
2008	1,810,000	494,304	341,937	2,646,241
2009	2,595,000	453,036	313,390	3,361,426
2010	3,065,000	393,870	272,461	3,731,331
2011-2015	14,210,000	939,474	649,886	15,799,360
	<u>\$ 24,940,000</u>	<u>\$ 3,382,950</u>	<u>\$ 2,340,172</u>	<u>\$ 30,663,122</u>

Other long-term liabilities disclosures

State statutes provide for a legal debt limit of 8% of the City's assessed value of taxable property. The City's legal debt limit as of June 30, 2005 amounts to \$683,401,202.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

Changes in long-term liabilities (continued)

Long-term liability activity for the year ended June 30, 2005, was as follows:

	Balance July 1, 2004	Additions	Reductions	Balance June 30, 2005	Due Within One Year
Governmental activities:					
General obligation bonds	\$ 17,819,954	\$ -	\$ 2,568,253	\$ 15,251,701	\$ 2,289,546
Less deferred amounts:					
On refunding	(183,555)	(340,107)	(66,802)	(456,860)	-
Plus deferred amounts:					
For issuance premium	116,250	2,258,494	17,387	2,357,357	-
Installment obligations	15,457,810	47,365,000	9,093,568	53,729,242	1,228,569
Other long-term obligations	6,521,800	2,064,811	1,118,594	7,468,017	1,140,705
Compensated absences	4,721,721	4,038,895	3,977,657	4,782,959	4,027,790
Governmental activity					
long-term liabilities	<u>\$ 44,453,980</u>	<u>\$ 55,387,093</u>	<u>\$ 16,708,657</u>	<u>\$ 83,132,416</u>	<u>\$ 8,686,610</u>
Business-type activities:					
General obligation bonds	\$ 36,920,046	\$ -	\$ 3,321,747	\$ 33,598,299	\$ 3,175,454
Revenue bonds	19,351,017	-	932,601	18,418,416	974,299
Installment obligations	29,567,190	1,465,000	781,432	30,250,758	881,431
Less deferred amounts:					
For issuance discount	(280,790)	60,542	3,374	(223,622)	-
On refunding	(1,740,273)	-	(189,844)	(1,550,429)	-
Other long-term obligations	1,223,367	-	448,004	775,363	219,552
Compensated absences	1,071,184	1,060,387	1,058,607	1,072,964	876,851
Business-type activity					
long-term liabilities	<u>\$ 86,111,741</u>	<u>\$ 2,585,929</u>	<u>\$ 6,355,921</u>	<u>\$ 82,341,749</u>	<u>\$ 6,127,587</u>

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities. At year-end \$78,585 of internal service funds compensated absences and \$880,627 of internal service funds other long-term obligations are included in the above amounts. Also, for the governmental activities, compensated absences are generally liquidated by the general fund.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

LONG-TERM LIABILITIES (continued)

COMMITMENTS AND CONTINGENCIES

The City and County entered into an agreement on January 18, 1988 with Coastline Associates Limited Partnership to lease conference center facilities for a term of five years. The agreement has been amended to extend the lease until April 30, 2006. Under the agreement the City makes rental payments not exceeding \$45,000 per year and reduces the balance of the note receivable on the conference center by \$30,000. For the fiscal year ending June 30, 2005, the City paid \$45,000 on the lease agreement and reduced the note receivable outstanding by \$30,000.

The City entered into a thirty-year ground lease commencing September 1, 2001 with the intention of building a parking facility on the site. The lease can be terminated after five years. Annual lease payments for the first five years are \$100,000. For the fiscal year ending June 30, 2005, the City paid \$100,000 on the lease agreement.

The City leases office facilities from the County under an operating lease expiring in August 2006. The annual cost of the lease is approximately \$144,000 per year.

A contractor subject to an agreement that will expire on September 1, 2005 manages the City's Second Street and Market Street parking decks. During the year ended June 30, 2005 the City paid \$145,533 for administration. The City also has an agreement, with the same contractor, for administration of a parking lot at a rate of \$21,897 per year. For the year ended June 30, 2005 the City paid \$21,897 for the administration of the parking lot. The City also contracted for the enforcement, maintenance and administration of on street parking under a five-year contract at rates ranging from \$28,257 to \$32,426 per month during the term of the agreement. During the year ended June 30, 2005 the City paid \$385,975 for these services.

As part of the agreement for the acquisition of Cape Fear Utilities, Inc. and Quality Water Supplies, Inc., the City has agreed to hold harmless the former shareholders against any and all claims in connection with the City's failure to comply with the terms of the purchase agreement. The agreement requires that the entire purchase price paid by the City be funded from non-recourse obligations issued under North Carolina General Statute §160A-20, which shall be secured only by the assets and/or revenues of the companies. The taxing power of the City is not and may not be pledged to secure any part of the purchase debt. The structure of the debt is designed to reasonably ensure that all debt service will be fully funded in a timely manner through the companies' revenue and the City does not expect to provide any additional funding for operation and maintenance of the water system outside of that generated by the companies.

The interlocal agreement between the County and the City to operate and provide transportation services provides that certain outstanding agreements shall be assumed by the Authority. The County has entered into a transportation agreement with First Transit, Inc. for the Company to operate and manage the County's public transportation system. The City entered into an agreement with First Transit, Inc. for the Company to operate and manage the City's public transportation system. The Authority has reached an agreement with First Transit, Inc. for the Company to operate and manage the public transportation system through June 30, 2008.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

COMMITMENTS AND CONTINGENCIES (continued)

Under the existing agreement the Authority paid First Transit, Inc. a management fee of \$63,000 for the year ended June 30, 2005. At June 30, 2005 the Authority was indebted to First Transit, Inc. for \$266,505 for unreimbursed expenses.

An interlocal agreement entered into between the City of Wilmington and the New Hanover County Water and Sewer District, requires semiannual payments from the City to the District for sewer system improvements in annexation areas "A" and "B". These payments are based on the amount of revenues from the annexation areas that would normally be allocated to debt service and will extend for a term of twenty years. At June 30, 2005, the annualized amount due to the District was \$56,211.

The City of Wilmington and the New Hanover County Water and Sewer District have also entered into an interlocal cost sharing agreement for the upgrade and expansion of the City's northside wastewater treatment plant at an estimated cost of \$63,700,000. The City's portion of the cost approximates \$24,900,000 or 39%. The City has incurred approximately \$2,035,530 of their share of the costs of the project.

The City entered into an incentive agreement in March 2004 with Celco Partnership to provide incentive payments to the company in exchange for the company's commitment to construct, equip, and staff a facility in the City. The City's obligation under the agreement is \$125,000 per year for seven years commencing in the year following occupancy of the facility. In addition the City has agreed to provide up to \$500,000 for public infrastructure improvements required for the construction of the facility. The public infrastructure when completed will be dedicated for public maintenance and use. As of June 30, 2005 a total of \$196,093 had been paid for the public infrastructure improvements. The Company is required to have a direct investment in the facility of at least \$20 million and to provide 1,000 full time jobs by October 15th of the year following occupancy of the facility. The facility was approved for occupancy on July 20, 2004.

The City entered into an incentive agreement in June 2005 with Pharmaceutical Product Development, Inc to provide incentive payments to the company in exchange for the company's commitment to construct, equip, and staff a facility in the City. The City's obligation under the agreement is \$125,000 per year for five years commencing in the sixth year following occupancy of the facility. In addition the City agreed to provide up to \$4,000,000 in public infrastructure improvements in a designated redevelopment area that includes the Company's new facility. The improvements must be completed by December 31, 2008. As of June 30, 2005 no funds had been paid or requested for public infrastructure improvements. The Company is required to make a direct investment in the facility of at least \$80 million and to provide 857 additional jobs by October 15th of the sixth year after occupancy. In the seventh through tenth years following occupancy a total of 1000 additional jobs must be provided.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

B. LIABILITIES (continued)

COMMITMENTS AND CONTINGENCIES (continued)

Jointly Governed Organizations

The City, in conjunction with Bladen County, New Hanover County, Columbus County, Pender County and Brunswick County is a member of the Lower Cape Fear Water and Sewer Authority. The Water and Sewer Authority was formed to provide raw water to counties, municipalities and industrial customers in southeastern North Carolina. The Water and Sewer Authority is governed by a thirteen member Board appointed by the participating entities with the City represented by two members. The Water and Sewer Authority is not considered to be a joint venture under generally accepted accounting principles since the counties and municipalities do not retain an ongoing financial interest (i.e., an equity interest in either assets or liabilities) or responsibility.

The City has a financial obligation to the Water and Sewer Authority for water availability rights. The outstanding balance on the obligation at June 30, 2005 is \$22,158 and the obligation bears interest at approximately 6%. During the 2005 fiscal year, the City made principal and interest payments on the obligation of \$264,307. During the year ended June 30, 2005 the City purchased \$816,394 in raw water from the Water and Sewer Authority.

The City, in conjunction with Brunswick, Columbus and Pender Counties and the municipalities therein established the Cape Fear Council of Governments (Council). The Council was established for various purposes, but mainly to coordinate funding for federal and state assistance. Each participating government appoints a minimum of one member to the Council's board. The City paid fees of \$16,762 to the Council during the fiscal year ended June 30, 2005.

Related Organization

The nine-member Board of the Wilmington Housing Authority is appointed by the Mayor of the City of Wilmington. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Wilmington is also disclosed as a related organization in the Notes to Financial Statements for the Wilmington Housing Authority.

C. INTERFUND BALANCES AND ACTIVITY

The compositions of interfund balances as of June 30, 2005, is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	
General Fund	Nonmajor governmental funds	\$ 318,860
Building Improvements Fund	Nonmajor governmental funds	8,501
Total		<u>\$ 327,361</u>

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

C. INTERFUND BALANCES AND ACTIVITY (continued)

Advances from/to other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	
Water and Sewer Fund	Nonmajor governmental funds	<u>\$ 91,612</u>

Due to/from primary government and component unit:

<u>Receivable Fund</u>	<u>Payable Fund</u>	
Component unit	Primary government - general fund	<u>\$ 199,843</u>

The outstanding balances are from time lags between the dates that 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

The City uses transfers to 1) move revenues from the fund in which state statute or budget requires the revenues to be collected to the fund from which state statute or budget requires the funds to be expended, 2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and 3) use unrestricted revenues collected in various funds to finance various programs accounted for in other funds in accordance with budgetary authorizations.

Interfund transfers:

	General Fund	Building Improvements Fund	Nonmajor Governmental Funds	Solid Waste Management Fund	Internal Service Fund	Total	Governmental Activities Capital Assets
Transfers in	<u>\$ 851,318</u>	<u>\$ 3,587,589</u>	<u>\$ 14,194,402</u>	<u>\$ 401,606</u>	<u>\$ 76,522</u>	<u>\$ 19,111,437</u>	<u>\$ 83,120</u>
Transfers out:

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 4 – DETAIL NOTES ON ALL FUNDS (continued)

C. INTERFUND BALANCES AND ACTIVITY (continued)

In the fund financial statements, total transfers in of \$19,111,437 are less than total transfers out of \$19,194,557 because of the treatment of transfers of capital assets to general government capital assets. During the year, existing capital assets related to internal service funds, with a net book value of \$83,120, were transferred to general government capital assets. Capital assets with a net book value of \$84,264 were contributed from general government capital assets to the internal service funds. Also, existing capital assets related to proprietary funds, with a book value of \$76,522, were transferred to the internal service funds. No amounts were reported in the governmental funds, as the amounts did not involve the transfer of financial resources. However, the internal service funds did report transfers in for the capital resources received from proprietary funds and capital contributions for the capital resources received from governmental funds.

D. PRIOR PERIOD ADJUSTMENT

During the fiscal year ended June 30, 2004 the State of North Carolina changed the distribution method for local option sales taxes that it collects on behalf of local governments. These taxes are now distributed on a monthly rather than quarterly basis. Taxes on sales for the month of June 2004 were distributed by the State on or around September 15, 2004. In addition, the State collects utility franchise taxes, piped natural gas taxes and telecommunications taxes and distributes them on a quarterly basis. The taxes for the quarter ended June 30, 2004 were distributed on or around September 15, 2004.

In accordance with GASB Statement No. 33, all of these items are considered to be revenues as of year-end. The City has decided to consider these distributions as revenues available for payment of current liabilities if collected within 90 days after year-end. The City had previously considered these payments as revenues if collected within 60 days of year-end.

The September 15, 2004 distribution of these taxes has been recognized as revenues for the year ended June 30, 2004. If this policy had been in effect for the year ended June 30, 2003, ending fund balance of the General Fund would have been \$31,846,838, which is \$1,739,909 higher than was previously reported. The beginning fund balance of the General Fund for the year beginning July 1, 2003 has been restated to reflect the change.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 5 - DEFERRED/UNEARNED REVENUES

The balance in deferred revenues on the fund statements and unearned revenues on the government-wide statement of net assets at June 30, 2005 is summarized as follows:

	Governmental Funds			
	General Fund	Special Revenue Funds	Total	Net Assets
Taxes receivable, net	\$ 1,072,537	\$ -	\$ 1,072,537	\$ 17,084
Notes and accounts receivable	337,725	190,258	527,983	-
Special assessments receivable	28,663	-	28,663	-
Customer advances	-	127	127	127
Intergovernmental grant advances	-	69,878	69,878	69,878
	<u>\$ 1,438,925</u>	<u>\$ 260,263</u>	<u>\$ 1,699,188</u>	<u>\$ 87,089</u>

NOTE 6 - RISK MANAGEMENT

The City and the Authority are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; natural disasters; errors and omissions. The City has chosen to establish a risk financing fund for risks associated with the employee's health insurance plan and workers' compensation coverage. The risk financing fund is accounted for in the general fund where assets are set aside for claim settlements. Premiums are paid into the general fund by other funds that incur claims and are available to pay claims, claim reserves and administrative costs of the programs. These interfund premiums are used to reduce the amount of claims expenditures reported in the general fund. As of June 30, 2005, such interfund premiums did not exceed reimbursable expenditures.

The Authority participates in two self-funded risk-financing pools administered by the North Carolina Association of County Commissioners. Through these pools, the Authority obtains property coverage equal to replacement cost values of owned property subject to a limit of \$125.5 million for any one occurrence, general, auto, professional, and employment practices liability coverage of \$2 million per occurrence, auto physical damage coverage for owned autos at actual cash value, crime coverage of \$250,000 per occurrence, workers' compensation coverage up to the statutory limits. The pools are reinsured through a multi-state public entity captive for single occurrence losses in excess of \$500,000 up to a \$2 million limit for liability coverage, \$600,000 of aggregate annual losses in excess of \$50,000 per occurrence for property, auto physical damage, and crime coverage, and single occurrence losses of \$350,000 for workers' compensation.

The City and the Authority carry commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

Liabilities are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 6 - RISK MANAGEMENT (continued)

Changes in the balances of claims liabilities during the past two fiscal years are as follows:

	2004	2005
Medical Self-Insurance Program:		
Unpaid claims, beginning	\$ 825,360	\$ 595,102
Incurred claims (including IBNRs)	5,321,856	6,172,090
Claim payments	(5,552,114)	(6,060,286)
Unpaid claims, ending, due within one year	<u>\$ 595,102</u>	<u>\$ 706,906</u>
Workers' Compensation Self-Insurance Program:		
Unpaid claims, beginning	\$ 713,051	\$ 561,493
Incurred claims (including IBNRs)	467,410	476,715
Claim payments	(618,968)	(835,021)
Unpaid claims, ending, due within one year	<u>\$ 561,493</u>	<u>\$ 203,187</u>

NOTE 7 - SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES

A. LITIGATION

The City is a party to a number of civil lawsuits and other legal actions, including a number of actions where the City's defense is being handled by the City's insurance carrier and any potential losses should be limited to the insurance policies' deductibles. There are also several claims for damages that have not yet resulted in litigation. In the opinion of the City attorney and management, the ultimate outcome of these claims is not expected to have a significant impact on the City's financial position.

B. FEDERAL AND STATE ASSISTED PROGRAMS

The City has received proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial.

C. UNDERGROUND STORAGE TANK REMOVAL PROGRAM

The City has completed a program to remove and replace all underground storage tanks not in full compliance with current environmental regulations. Remedial action, including monitoring for pollutants, is continuing at three sites as of June 30, 2005. In the opinion of the City attorney, any future actions required to be taken at these sites should not result in costs, which, in the aggregate, would have a material adverse effect on the City's financial statements.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Financial Statements (Continued) June 30, 2005

NOTE 7 – SUMMARY DISCLOSURE OF SIGNIFICANT CONTINGENCIES (continued)

D. RED-LIGHT CAMERA PROCEEDS

The New Hanover County Board of Education (Board) has demanded that the City pay to the Board the proceeds from civil citations issued for red-light violations at camera controlled intersections over the last three years. The amount is estimated to be approximately \$2,061,000. The claim is based on a law suit against the City of High Point that is currently on appeal. The City asserts legal rights to the proceeds and has refused the demand for payment.

E. ROOM OCCUPANCY TAXES

A 3% room occupancy tax was levied by the City of Wilmington in February 2003 pursuant to state enabling legislation. The funds may be used only for the construction and operation of a convention center facility. In May 2005, in accordance with the legislation, the New Hanover County Tourism Development Authority determined that the City had met the initial requirements for release of the tax revenue. A secondary requirement of the legislation is that a convention facility must be under construction by the end of February 2007. If this has not occurred, the City is obligated to return any unspent or uncommitted funds received. For the year ending June 30, 2005, the City recognized \$3,551,896 in tax revenue as result of the tax levy.

NOTE 8 - SUBSEQUENT EVENTS

In October 2005 the City issued \$52,840,000 in Water and Sewer revenue bonds to fund the construction of various facilities. The interest rates on the bonds range from 3.00% to 5% with the final maturity on June 1, 2034. Debt service payments are scheduled semiannually at amounts that range from \$1,559,410 to \$3,574,315.

Water and sewer refunding bonds in amount of \$9,560,000 were issued in October 2005. These bonds refunded \$9,235,000 in Series 1999 revenue bonds with net present savings of \$407,963. The interest rate on the refunding bonds ranges from 3.00% to 5% with the final maturity on June 1, 2019. Debt service payments are scheduled semiannually at amounts that range from \$482,294 to \$1,297,375.

⁽¹⁾ The City issued water and sewer revenue bonds in the amount of \$7,500,000 dated December 1998 and \$15,615,000 dated September 1999. The series 1998 revenue bonds were exchanged in May 2003 for the series 2003 revenue bond.

⁽²⁾ Gross revenues include all fees (including impact fees), other charges and investment income.

⁽³⁾ Gross expenses exclude depreciation and bond interest.

⁽⁴⁾ Includes principal and interest payments only.

⁽⁵⁾ Other debt includes principal and interest payments for all subordinate, general obligation and other indebtedness.

⁽⁶⁾ The required debt coverage for the revenue bonds is 1.20. The required debt coverage for all other debt is 1.00.

**Report on Internal Control Over Financial Reporting and on Compliance and Other Matters
Based on an Audit of Financial Statements Performed in
Accordance with Government Auditing Standards**

To the City Council
City of Wilmington, North Carolina

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregated remaining fund information of the City of Wilmington, North Carolina as of and for the year ended June 30, 2005, which collectively comprises the City of Wilmington, North Carolina's basic financial statements, and have issued our report thereon dated November 18, 2005. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Wilmington, North Carolina's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. We noted certain matters involving internal control over financial reporting that we have reported to management of the City of Wilmington, North Carolina in a separate letter dated November 18, 2005.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Wilmington, North Carolina's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

This report is intended solely for the information and use of the audit committee, management, others within the organization, members of City Council, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance with Requirements Applicable to Each Major
Federal Program and Internal Control Over Compliance in
Accordance with OMB Circular A-133 and the
State Single Audit Implementation Act**

To the City Council
City of Wilmington, North Carolina

Compliance

We have audited the compliance of the City of Wilmington, North Carolina, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that are applicable to each of its major federal programs for the year ended June 30, 2005. The City of Wilmington, North Carolina's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Wilmington, North Carolina's management. Our responsibility is to express an opinion on the City of Wilmington, North Carolina's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Governmental Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, and the State Single Audit Implementation Act. Those standards, OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Wilmington, North Carolina's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Wilmington, North Carolina's compliance with those requirements.

In our opinion, the City of Wilmington, North Carolina complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the City of Wilmington, North Carolina is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Wilmington, North Carolina's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and the State Single Audit Implementation Act.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, members of City Council, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance with Requirements Applicable to Each Major State
Program and Internal Control Over Compliance in Accordance with
Applicable Sections of OMB Circular A-133 and the
State Single Audit Implementation Act**

To the City Council
City of Wilmington, North Carolina

Compliance

We have audited the compliance of the City of Wilmington, North Carolina, with the types of compliance requirements described in the Audit Manual for Governmental Auditors in North Carolina, issued by the Local Government Commission, that are applicable to each of its major State programs for the year ended June 30, 2005. The City of Wilmington, North Carolina's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major State programs is the responsibility of the City of Wilmington, North Carolina's management. Our responsibility is to express an opinion on the City of Wilmington, North Carolina's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and applicable sections of OMB Circular A-133, as described in the Audit Manual for Governmental Auditors in North Carolina, and the State Single Audit Implementation Act. Those standards, applicable sections of OMB Circular A-133, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about the City of Wilmington, North Carolina's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Wilmington, North Carolina's compliance with those requirements.

In our opinion, the City of Wilmington, North Carolina complied, in all material respects, with the requirements referred to above that are applicable to each of its major State programs for the year ended June 30, 2005.

Internal Control Over Compliance

The management of the City of Wilmington, North Carolina is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to State programs. In planning and performing our audit, we considered the City of Wilmington, North Carolina's internal control over compliance with requirements that could have a direct and material effect on a major State program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with applicable sections of OMB Circular A-133 and the State Single Audit Implementation Act.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major State program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, members of City Council, and federal and State awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

CITY OF WILMINGTON, NORTH CAROLINA

Notes to Schedule of Expenditures of Federal and State Awards

Year Ended June 30, 2005

NOTE 1 - General

The accompanying Schedule of Expenditures of Federal and State Awards represents the activity of all federal and State awards to the City of Wilmington, North Carolina. The City's reporting entity is defined in Note 1 to the City's basic financial statements. Expenditures are reported on the schedule only at such time as there is an approved award. As a result, certain expenditures incurred in a prior year may be reported for the first time in the current year or as a reimbursement of local expenditures reported in a prior year. All federal and state awards, received directly or indirectly (flow through) from federal and state agencies, are included on the schedule.

NOTE 2 - Basis of Accounting

The accompanying schedule of expenditures of federal and state awards has been prepared on the modified accrual basis, which is described in Note 1 of the City's basic financial statements. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, amounts presented in this schedule will frequently differ from amounts presented in, or used in the preparation of the financial statements.

NOTE 3 - Relationship to Basic Financial Statements

With the exception of certain planning funds, the amounts reported in the accompanying schedule for the U.S. Department of Transportation's Urbanized Area Formula Program are accounted for in the discretely presented component unit. Amounts reported in the accompanying schedule for State Maintenance Assistance for Urban, Small Urban and Regional Transit Systems are also accounted for in the discretely presented component unit. Substantially all other federal and State programs are accounted for in the City's Governmental Funds.

NOTE 4 - Federal Program Monies Used To Make Loans

The following schedule reflects the activity in the Federal loan programs.

	<u>CFDA Number</u>	<u>Outstanding June 30, 2004</u>	<u>Loaned or Assigned</u>	<u>Collected or Forgiven</u>	<u>Outstanding June 30, 2005</u>
